### Aristocrat Travel's Philosophy...

Who says education can't be fun? Aristocrat Travel is meticulous in developing entertaining, interactive day trips that deliver an enriched educational experience that's packed with value and memories that will last a lifetime. Hey we were kids once too and we remember! Now, having kids of our own, we also have firsthand experience of what parents expect too. When experience matters Aristocrat Travel should be your First Choice!

Your journey aboard the Arcade & Attica Railroad begins even before you board the train. As you enter the historic station, you are surrounded by the history of railroading in America. With an "All Aboard", the whistle blows, and you are on your way, enjoying your ride through history. Rock City Park, located in the Enchanted Mountains of the Southern Tier, is sometimes called one of the Eighth Wonders of the World. Visitors are astounded by the gigantic boulders several stories high with huge crevices sometimes referred to as "streets." It's a Great Fun-Filled Experience for all!
